**Re: Coble's Sandrock, Inc. C&D Landfill
Request for Extension to Solid Waste Permit #01-05
JEI Project No. 419.00, Task 22**

Dear Ed:

On behalf of Coble's Sandrock, Inc., Joyce Engineering, Inc (JEI) is writing to request an extension of Solid Waste Permit # 01-05 which expires in January 2009.

A permit application to expand the site was submitted to your office in April 2006. We understand that this permit may not be issued prior to the expiration date of the existing permit and hope to avoid any disruptions in service to the Coble's clients providing disposal service to Alamance and surrounding Counties.

We feel that there is ample available airspace to accommodate an additional year of disposal due to the decreased waste intake rate for C&D waste during the past year.

Please feel free to call me at (336) 323-0092 for additional information or to discuss the status of the pending permit application. Thank you in advance for your assistance in this matter.

Sincerely,
JOYCE ENGINEERING, INC.
